DESCRIPTION OF WORKS:

This application covers the areas of GCP Greenways – Barton Schemes 8.

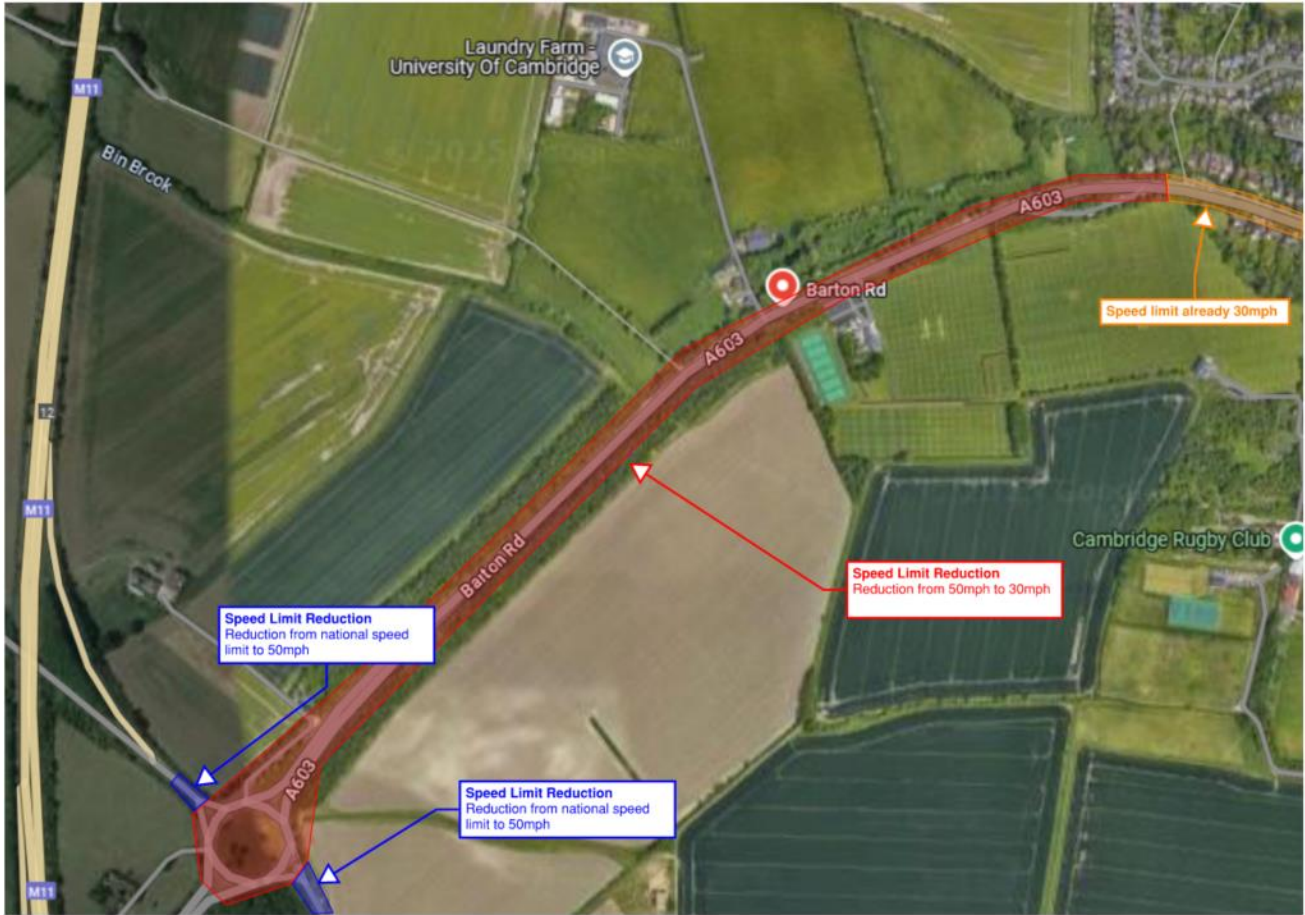

The project stretches from A603 Haggis Farm Roundabout to the east of A603 layby.

The project involves the upgrade and improvement of cycling and pedestrian infrastructure, as part of the CCC greenways initiative to encourage greener travel connections from satellite villages to the heart of Cambridge.

The works are due to be undertaken in a number of phases and will require the following:

- Temporary speed restriction to from 50mph -> 30mph & national speed limit -> 50mph. Please refer to the attached speed limit reduction map and the snippet below.
- Closure of the layby located on the south of A603 Barton Road – refer to the mark up below for the layby in question. The layby is required to be closed to facilitate the temporary footway route whilst the main construction work is ongoing on the existing path located to the north of A603 Barton Road.
- Road closure on nights along Barton Road to complete surfacing works required.

FAILURE TO ADHERE TO THE CONDITIONS SET OUT WITHIN THIS DOCUMENT MAY RESULT IN AN APPROVED ORDER BEING WITHDRAWN.

REQUIRED ADDITIONAL IMPORTANT INFORMATION

1. Please ensure you give the official road name with the correct spelling for which the Order is required.
2. Access may be allowed to Emergency Services **IF** safe passage permits.
3. Pedestrian / Cyclist and Access to properties must be allowed at **ALL** times, unless otherwise agreed.
4. An order will only be granted where a suitable alternative route or arrangements are available.
5. A clear map showing the extent of the closure and diversion route must be attached to this application.
6. Signs 1050mm by 750mm bearing the words "This Road will be closed "From To" and including the dates of the closure **MUST** be placed at all approaches to the site **at least 14 days** prior to the proposed closure.

Notes for Applications to close Public Rights of Ways (PRoW) / Footpaths

1. CCC strongly encourages early engagement with PRoW Officers prior to any application being submitted to close a Public Right of Way or footpath (PRoW).
2. Initial applications to close a Public Right of Way or footpath can only be granted for a maximum duration of 6 months.
3. If the applicant is aware that the closure is likely to exceed 6 months, they should indicate this on the initial application but will still need to apply for an extension using the following procedure:
4. The applicant needs to apply to Street Works at least **8 WEEKS** before the expiry date of the initial 6-month TTRO with full justification AND any alternatives that have been considered and reasons for not being able to accommodate any alternatives.
5. The applicant should use reasonable endeavours to minimise any extension duration and further extensions may be refused.
6. Applicants will be required to meet on site with our Senior Street Works Inspector and PRoW Officer to discuss the reasons for the extension and justification. The site meeting must be held within 2 weeks of the extension request being submitted to Street Works and applications to the Secretary of State (SoS) will not be progressed until the meeting has been held and alternatives explored. The SoS requires a minimum of 4 weeks to consider an extension request. Any applications that do not comply with item 4. may be automatically refused.
7. All applicants should be prepared to accommodate any reasonable alternatives suggested by the Senior Street Works Inspector and PRoW Officer and will be asked to justify in writing any refusal to accommodate reasonable and achievable alternatives. Additional cost to the works promoter will not be considered justification.
8. Applicants should not assume the full duration of the extension request will be granted and a reduced period may be agreed at the site meeting.
9. Applicants should not assume that extensions will be granted by CCC even if the Secretary of State (SoS) approves an extension.

10. The PRow should be reopened as soon as reasonably practicable and in a condition that is safe for all users of the PRow. In any case, it should be reopened in a safe condition, no later than the expiry date of the extension, if granted.
11. Failure to reopen a PRow on or before the expiry date of the TTRO / extension may result in CCC initiating appropriate enforcement action.
